VIII Discussion: Reviewed ICC code & club packet discussion. It was condensed to two double sided pages. They explained the PRP paper. When you fill it out, the school can use that to say there are students that care about something. Do not put social security number on this, the old one. The new one will not have that. It is going to be online and in the back room. Ann Swasey wants to see it before we vote on it next week.

Reimbursed Tess McDermontt from CASU for gas used to go to the California State Student Union conference in L.A. Their original request was for \$150 now asking for \$192.20. It was approved.

ICC has \$232.80 left, it was entertained that ICC give the remainder to Black Student Union for their school room project in Africa. You have to make it out to three individuals. ICC approved the remainder of ICC funds to BSU.

ICC and club Plaques discussion: The ABIS plaques are currently in DRD. Since they can no longer help our club, they ask if we would like to move them over here somewhere. In the past ICC has chosen best club of the year and put ICC Chairs names on plaques. ICC should draft a proposal to bring to the Senate to investing in plaques or an end of the year celebration. Michelle Dowling Talked about the Awards Banquet. They invited all the clubs to come. They also want pictures for a slide show. They are also looking for students to share some entrainment. They need to know by tomorrow at the latest. Someone from MEChA is doing poetry reading, Someone from Atheist and Skeptics is doing magic. It will be Friday the 17th of May, from 5:30 to 7:30 in the Student Activity Center. Free dinner will be provided; it will be pasta, salad and dessert. Send pictures to Billy's email, iccchair.srjc@gmail.com.

Jessica Jones wants to thank everyone for their involvement, input. It has been an honor to serve as your President.

QSU reminded us of the SRJC Dance Performance is this week end, so come support this program. It is from 5:30 to 7:30 in the Student Activity Center.

VI Reports:

Mr. Oertel: This is our last meeting, thanks for being here. If anyone has talents share them for the banquet.

Mr. Pinaula: He is probably going to merge the ICC email with the VP of Org email. They have been separate this entire time. Josh went through 600 emails and pulled out 124 documents from the past and got a lot of ideas that we can do in the future. He handed out some proto types of the new club packets to look over. Josh wants us to take a group photo of ICC at the end. Josh would like us to be a inter club council instead of an outer club council. He is contacting Netflix about their copyright laws, even though they say sure show up whenever. Media Services is concerned. He is going to talk to Michael ? from the Petaluma series about the copyright stuff.

Dr. Phifer: None

Clubs: CSU's reimbursement was less than expected; ICC has \$50 in their account.

Power Soccer turned in a design for the shirt expected to know when the shirt will be out by the second or third week of the next semester.

Jessica Jones wanted to know how Day Under the Oaks went for everybody; if your club made money or not. Sustainability found out a lot of people still does not know what greenhouse gases are or where to recycle e-waste.

BSU wants to thank Atheist and Skeptics and Inner Varsity for trying to help us sell tickets John Carlos event this Saturday 4pm. Come by.

VII New Business:

Clubs activated: SRJC Boxing Club, SRJC Cheer Team Club and Forster Youth Success Club.

The Inter-Club Council approved giving California Student Union \$150 and the rest of our funds to Black Student Union to go toward their project of building a school for Tanzania.

VIII Discussion:

You know how long the club packet was. The new club packet was reduced to two pages. We can email it out and put it on the Facebook page. There could be minor changes between now and next semester. We can still approve it with that in mind. We talked about have them signed every year, but things come up, like not hanging on to a faculty member. That page that ask for club members names and school id numbers we might change to just the name or the last four of your student id. Josh needs to check into that.

Jessica Jones and Brain explained why the school needs this form of who is in our clubs. Brain said Ann Swasey said there was no trust account information on the form.

Josh is in the process of putting up all these words up on the Google drive for everyone to have access to.

Michelle Dowling had a couple of little minor things. One: on line one to explain how the clubs are activated, by standing up in front and explaining there club. She had some concern about the club trust. Josh said he thinks when a club gets activated a small tour in the back room explaining where they can get resources and where the paper is. Josh offered his services to give them a small tour after the meeting. Michelle mentioned that having the club President as the ICC rep if no one can did not work for her club because he could not make the meetings. She said to they use an alternative rep. Someone ask what is the difference between Club President and ICC. The difference is the President is in charge of the club and the ICC rep is required to attend the ICC meetings. The club packet was voted on and approved.

There was a long discussion about how Day Under the Oaks went. Some clubs made money some broke even. Power soccer had a demonstration game, then the audience participated. They made money. Emeritus was not well represented. Some people think the cups were not a good idea. Some people where not happy with where the clubs were located. Brain suggested that the clubs should be located in the green area for next year, because those clubs were doing pretty well.
